

ALIEN SUSPECTS' CASES TO BE HEARD IN NEW YORK TODAY

NEW YORK, Sept. 28.—Officials of the Department of Justice prepared today to review the cases of each of the ninety-six enemy aliens caught in the Federal raids late Wednesday night and now interned on Ellis Island.

The regulations provide that the aliens must be kept in custody two weeks, and if it is then decided they are to continue in detention they will be transferred to one of the detention camps.

If released they must cease work in Government munition plants, where they would be in a position to learn Government secrets.

From the standpoint of Government officials, the raids are having the desired effect among enemy aliens. Hundreds of Germans are hourly reporting to the offices of the United States marshal in quest of permits to go within the restricted zones.

All such requests have been refused, the Government merely warning the applicants to keep clear of the restricted zones.

SWEEPING CUT IN OCEAN FREIGHT RATES POSTED

Shipping Board Believes Government Will Save Millions.

Sweeping reductions in ocean freight rates, amounting in some cases to 75 or 80 per cent, were posted yesterday by the United States shipping board. The new schedule is applicable to all tonnage requisitioned by the Government for ocean service above 2,500 tons dead weight carrying capacity.

They will become effective October 15. The Government is expected to save millions of dollars in transporting troops to Europe as a result of the new rate schedule, which was adopted on recommendation of Bainbridge Colby, whose inquiry into carrying charges and expense had been under way for some time.

While the vessels will be requisitioned by the Government, they will remain in the hands of the present owners, but must be ready at all times to carry out the orders of the shipping board.

JOHN D. COUGHLIN FUNERAL TOMORROW

Funeral services for John D. Coughlin, vice president of the Columbia Title Insurance Company, will be held tomorrow morning at 9 o'clock at the Catholic Church in Forest Glen Cemetery.

Mr. Coughlin was sixty years old. He died suddenly of heart failure yesterday while telephoning from his residence to his office.

He was for a time connected with the law firm of Reginald Fendall and was for thirty years a member of the District Bar Association. In 1886 he became affiliated with the Columbia Title Insurance Company and later its vice president.

His wife, Mrs. Nora Coughlin, four children, a brother and a sister survive him.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when resting; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

War Service Library Fund

To the People of the District of Columbia:

Do not forget that this is Library Week and that the quota of the District of Columbia of the library fund to establish libraries and supply books for all the soldiers in the service of the country is \$20,000.

Every citizen of the District of Columbia should consider it a privilege to subscribe to this fund and should send the subscription at the earliest possible moment so that on Monday morning it can be announced that the District has given its full quota for this very laudable and necessary purpose.

The President, the Secretary of War and nearly all of those officially interested in the welfare of our soldiers have already indorsed this movement and sent their subscriptions.

Checks should be sent to John Joy Edson, Treasurer, care of Public Library, or can be left at any bank.

Let all the citizens of the District of Columbia put their shoulders to the wheel during the next three days and each do his or her bit.

CHARLES HENRY BUTLER,
Chairman, Local Committee,
GEORGE F. BOWERMAN,
Vice Chairman.

JOHN JOY EDSON,
Treasurer.

W. J. HAMILTON,
Secretary.

AIRPLANE MAKERS OF NATION CALLED TO CONFER HERE

Greater rapidity in airplane production in the United States is necessary. It was learned today that this is the real motive for the call for a conference, beginning Sunday, of all airplane manufacturers in the United States.

Invitations to every manufacturer making any part of an airplane have been sent out broadcast by the Aircraft Production Board and the Society of Automotive Engineers. The conference will open Sunday and will hold over until Monday night, if not longer.

Standardization Planned. Standardization of airplane parts is to be discussed. This is given as the reason for the conference, but the Aircraft Production Board will take steps to speed up America's aircraft output. Prominent makers of airplanes will be called upon to solve questions, which seem likely to deter the program undertaken by the aircraft board.

Standardization for all allied aircraft is a hope for the future, but at

ROTARIANS ON "AUTO RUN EXTRAORDINARY"

A string of about thirty automobiles bearing members of the Rotary Club and their guests started from the Commercial Club this morning at 8:30 on what they term "An Automobile Run Extraordinary." Led by the president of the club, E. C. Graham, the party will motor to Hampton Plantation Manor, the handsome place of Rotarian E. D. Hathaway in St. Mary's county, near Leonardtown, Md.

The dismal weather had no effect on the spirits of the party. A great oyster roast, and old-fashioned shore dinner, and many other edibles and beverages have been prepared by Mr. Hathaway for his brethren in the patriotic club.

STRIKEN ON ROADSIDE.

WINCHESTER, Va., Sept. 28.—Stricken with apoplexy, Arthur Carter, sixty-seven, was found yesterday morning.

WOMAN IS CHARGED WITH SERIOUS CRIME

An inquest over the body of Mrs. Jeanette Eddins, 2078 Flagler place, who died Sunday, after, the police say, an illegal operation had been performed by Mrs. Katie Louise Gross, 62 years old, 3267 Prospect avenue, will be held by Coroner J. R. Nevitt at the District morgue this afternoon.

The coroner's jury has been impaneled following the holding of an autopsy yesterday by Acting Coroner W. B. Carr. The body was exhumed from Greenwood Cemetery. Mrs. Gross is under arrest on a charge of malpractice.

SEC. LANSING INDISPOSED.

Secretary of State Lansing was kept from his desk today by a slight illness. It was stated that it was merely an indisposition and that his condition was not serious.

\$1,000,000 LIBRARY FUND IS NOW OVER HALF SUBSCRIBED

Five hundred and thirty thousand dollars of the \$1,000,000 library fund has already been subscribed, according to reports received at national headquarters here. This gives added assurance, according to those in charge of the campaign, that the fund will be largely over-subscribed.

Numbers of towns and cities have given more than their quotas. Grants Pass, Oreg., was the first one to give more than it was asked. Millbrook, a little town in New York, which was asked to give \$170, responded with over a thousand dollars, more than six times its share. Hagerstown, Md., of about 19,000 population, gave \$2,000.

Managers of the local campaign report that contributions are increasing daily in Washington, but that the city is yet behind with its share of the fund. Despite the fact that Washington got a slow start, however, it is not expected that the city will fall short of the \$20,000 mark set for it.

Those who cannot make contributions in person are requested to mail checks to the local headquarters, at the Public Library.

Fourteen checks for \$100 each have been sent to local headquarters by the following: Charles Henry Butler, Charles J. Bell, George F. Bowerman and staff, Frank G. Carpenter, John Joy Edson, Mrs. Gilbert H. Grosvener, Mrs. Julien James, Henry Jennings, A. Lisner, Frank B. Noyes, Theodore W. Noyes, Julius I. Peyster, Herbert Putnam, Thorvald Solberg, Charles C. Glover, and Clarence A. Asplund.

In addition to the house-to-house dollar campaign which is now running, another campaign will be started in which letters asking for donations of \$25, \$50, and \$100 will be sent to men and women of the city, in an effort to obtain the \$20,000 which Washington has been asked to subscribe.

COLLEGE DEBATERS PLANNING PROGRAM

Debates with Eastern and Northern universities will be arranged by the four debating societies at Georgetown University this session, according to announcement by the faculty today.

Preliminary meetings have been held in Gaston Hall to arrange for schedules for the fall and winter. The Philodemic Society, of which the Rev. John J. Toohy is moderator, will probably meet debating teams from Lehigh University, Lafayette, and Pennsylvania State College, its opponents of last season. The Gaston Society, under the leadership this year of the Rev. C. L. Bulman, will debate with teams from other schools, and also with the White Society, of which the Rev. Peter H. Masterson is director.

The Rev. Arthur J. Sheehan will direct the affairs of the Philomathean Debating Society this term. Its debating schedule will probably call for debates with Pennsylvania State College, Lehigh, and Lafayette. Officers of the four organizations will be chosen next week.

PRECINCT DEFENDERS BEGIN DRILL COURSE

The Eleventh precinct unit of the Home Defense League began its actual drilling last night at the station in Nichols avenue, with a large number in attendance and Capt. Charles F. Roberts in charge. Drills will be held regularly in the future. Next month a smoker will be held to assist in securing additional members. Foot and squad movements were undertaken last night.

Capt. W. T. Anderson, commanding the precinct, gave an outline of the duties of an officer and also the duties to be expected of members of the league in an emergency.

SANITARY GROCERY CO.

All prices quoted are subject to goods being on hand in each and every store. We receive a carload of goods, same is distributed as promptly as possible to our ninety (90) stores. Some may sell out immediately, while the remainder will have sufficient to supply the trade in their neighborhoods. Shipping and distribution problems at this time are causing much worry and inconvenience to most all lines of business.

We ask your indulgence in the present circumstances and assure you that we are using all means at our command to keep our stocks supplied with the usual lines of standard merchandise.
